

Limited Ten-Year Warranty

This Limited Warranty (“**Warranty**”), applies to all Primed Pine FJ Wood Frames, Mull Post, and Brickmold (the “**Product**”) extended by Composite Technology International, Inc. (“**CTI**”), and provides that, subject to the limitations and exclusions below, for 10 years from the date of installation (the “**Warranty Period**”), the Product will be free from non-conformities in materials and workmanship.

If the Product fails to meet the requirements of this Warranty, CTI’s sole obligation (at its own option) is to either: (i) repair the Product (color and graining matching not guaranteed), (ii) provide replacement Products to the warranty holder or CTI’s designated dealer (color and graining matching not guaranteed), or (iii) refund the Warranty holder’s purchase price (the lesser of the original Product purchase price or the original catalog price).

Repaired or replaced Products are warranted only on the same terms and for the remainder of the Warranty Period. CTI reserves the right to discontinue or change any product. If the Product or component is not available, CTI may select and provide a replacement product or component of equal quality and price. This is the Warranty holder’s sole and exclusive remedy for the Product under this Warranty. The Warranty does not extend to the any other costs and expenses, including but not limited to: (i) labor for removing, reinstalling, or refinishing the Product (or other materials that are removed, reinstalled, or refinished to repair or replace the Product); (ii) shipping/freight expenses to return the Product to CTI; (iii) normal maintenance; or (iv) consequential, special, or indirect losses or damages of any kind.

Warranty Exclusions: This Warranty does not cover the following:

- Failure of the Product due to changes to or use of third-party components which do not adhere to the specifications provided to such third parties by CTI and which have not been utilized in certified Product testing for such door systems;
- Failure of the Product due to improper assembly by third parties inconsistent with recommendations and written instructions provided by CTI or generally available in CTI’s Product Manuals as amended time to time by bulletins or other written communications on CTI’s website; this includes failure in performance of the Product due to separation of the frame and sill components;
- Failure of the Product due to improper installation by a builder, remodeler, or other person or entity that installs or handles the Product, other than CTI, inconsistent with recommendations and written instructions provided by CTI or generally available in CTI’s Product Manuals as amended time to time by bulletins or other written communications on CTI’s website;
- Failure of Product due to uses or exposure to conditions for which its use and Warranty was not intended, such conditions to expressly include failure due to mechanically or other non-weather related driven water, utilization of inswing door units and components for outswing applications, further machining of or on the door panel, frame components after pre-hanging, or any other modifications or uses not specified in the Product pre-hanging or installation instructions;
- Failure of the Product due to failure of non-CTI supplied components (i.e. door glass assembly, door panel or hardware failure);
- Removal, reinstallation or alternation of a Product or any of its components following original installation except in connection with proper and timely maintenance of components which incur normal wear and tear, such as the weatherstripping, door bottom and corner seals, in which case Warranty shall only apply if such components are replaced with the applicable CTI components;
- Failure of the Warranty holder to provide timely normal maintenance of the Product;
- Failure to operate the Product in accordance with its instructions, including, without limitation, fully engaging the entire CTI approved locking system whenever the Product is closed;

Primed Pine FJ Wood Components

- Failure of the Warranty holder to timely take reasonable actions to mitigate any property damage;
- Labor, services and materials to paint, stain, or refinish applied to or adjacent to the Product, or other carpentry or the addition of non-Product door system componentry, or other work undertaken that is intended to remedy a Product Warranty complaint, that is not part of the Product, without the prior authorization of CTI, and which itself or in addition to any other property damage, exceeds the maximum Product coverage Warranty limit;
- Failure to file a claim for alleged damages promptly according to the requirements of this Warranty; or
- Non-application of the Product Warranty due to any of its stated terms and provisions.

Disclaimer: THIS WARRANTY IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES NOT EXPRESSLY SET FORTH HEREIN.
